

## Child Protection Policy

Nottingham City Petanque Club takes seriously its obligations in regard to the safety and wellbeing of children who may use the Club's facilities to play the game of petanque. The Club believes it can do no better than to fully endorse the policy adopted by the International Save the Children's Member's Meeting in May 2003, which is as follows:-

### Introduction

All members shall protect the child from all forms of physical or mental violence, injury or abuse, neglect, maltreatment or exploitation, including sexual abuse. (UN Convention on the Rights of the Child (1989), Article 19)

This policy sets out common values, principles, and beliefs and describes the steps that will be taken in meeting our commitment to protect children.

This policy is our commitment to protect children and a statement of our values, principles and beliefs:-

- ❖ All child abuse involves the abuse of children's rights.
- ❖ All children have equal rights to protection from abuse and exploitation.
- ❖ The situation of all children must be improved through promotion of their rights as set out in the UN Convention on the Rights of the Child. This includes the right to freedom from abuse and exploitation.
- ❖ Child abuse is never acceptable.
- ❖ We have a commitment to protecting children with/ for whom we work.
- ❖ When we work through partners, they have a responsibility to meet minimum standards of protection for children in their programmes.

### N.C.P.C. Policy

We will meet our commitment to protect children from abuse through the following means:-

- ✓ **Awareness:** we will ensure that all staff and others are aware of the problem of child abuse and the risks to children and to train such members who may come into contact with children attending our facilities.
- ✓ **Prevention:** we will ensure, through awareness and good practice, that staff and others minimise the risks to children.
- ✓ **Reporting:** we will ensure that staff and others are clear what steps to take where concerns arise regarding the safety of children.
- ✓ **Responding:** we will ensure that action is taken to support and protect children where concerns arise regarding possible abuse.

In order that the above standards of reporting and responding are met, members of the Club will also ensure that they:-

- Take seriously any concerns raised.
- Take positive steps to ensure the protection of children who are the subject of any concerns.
- Support children, staff or other adults who raise concerns or who are the subject of concerns.
- Act appropriately and effectively in instigating or co-operating with any subsequent process of investigation.
- Are guided through the child protection process by the principle of 'best interests of the child'.
- Listen to and takes seriously the views and wishes of children.
- Work in partnership with parents/carers and/or other professionals to ensure the protection of children.

How N.C.P.C. will ensure our commitments above are met:-

- 6) Systems will be established to investigate possible abuse once reported and to deal with it.
- 7) Training, learning opportunities and support will be provided by the N.C.P.C. Child Protection Officer to ensure these commitments are met.

### **Code of conduct**

All staff and members who will be in contact with children must never:-

- 1) Hit or otherwise physically assault or physically abuse children.
- 2) Develop physical/sexual relationships with children.
- 3) Develop relationships with children which could in any way be deemed exploitative or abusive.
- 4) Act in ways that may be abusive or may place a child at risk of abuse.
- 5) Use language, make suggestions or offer advice which is inappropriate, offensive or abusive.
- 6) Behave physically in a manner which is inappropriate or sexually provocative.
- 7) Have a child/children with whom they are working to stay overnight at their home unsupervised.

- 11) Act in ways intended to shame, humiliate, belittle or degrade children, or otherwise perpetrate any form of emotional abuse.
- 12) Discriminate against, show differential treatment, or favour particular children to the exclusion of others.

This is not an exhaustive or exclusive list. The principle is that members should avoid actions or behaviour which may constitute poor practice or potentially abusive behaviour. It is important for all members and others in contact with children to:-

1. Be aware of situations which may present risks and manage these.
2. Plan and organise the work and the workplace so as to minimise risks.
3. As far as possible, be visible in working with children.
4. Ensure that a culture of openness exists to enable any issues or concerns to be raised and discussed.
5. Ensure that a sense of accountability exists between staff so that poor practice or potentially abusive behaviour does not go unchallenged.
6. Talk to children about their contact with staff or others and encourage them to raise any concerns.
7. Empower children - discuss with them their rights, what is acceptable and unacceptable, and what they can do if there is a problem.
8. In general, it is inappropriate to:-
  - a. Spend excessive time alone with children away from others.
  - b. Take children to your home, especially where they will be alone with you.
